a Subcommittee on Computer Security of the National Communications Security Committee. This group has been formed because of the need for closer cooperation between communications and computer security policy making groups in formulating policy and procedures for data communications networks. (U)

7. The CRAFT Implementation Team is presently meeting on a full-time basis. This team, which has Information Systems Security Group representation, has been tasked to write the CRAFT management and project plans. These plans will be submitted to the EXCOM in late May. The expectation is that once these plans have been formally approved at the EXCOM level a permanent CRAFT Project Team will be established. (C)

8. On 23 April, representatives of the Office provided support to senior Agency officers testifying before the Defense Subcommittee of the House Appropriations Committee. (U)

9. The comprehensive industrial facility security reaudit of a National Program contractor in [redacted] which began on 7 April, was completed on 25 April. (U)

25X1

PROJECTIONS - 24 - 30 APRIL 1980

1. A representative of the Industrial Security Branch plans discussions with Office of Logistics representatives concerning a forthcoming second edition of Standard Security Procedures for Contractors. (C)

2. On 24 and 29 April, representatives of the Office will provide support to the DCI and the DDCI when they testify before the Defense Subcommittee of the Senate Appropriations Committee. (U)
